DETAILED ACTION

1. Claims 12, 17, 25, 35, 47, 63, 66, 80 and 86-88 have been canceled. Claims 1-4 and 22 are pending.

Election/Restriction

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-4 and 22, in part, drawn to isolated nucleic acids and kits comprising agents which bind to said isolated nucleic acids, classified in class 536, subclass 23.5, 24.5, 24.33 and 24.31. Claim 22 will be examined with this group to the extent that it reads on agents which bind to nucleic acids.
 - II. Claim 22, in part, drawn to kits comprising agents which bind to expression products of the isolated nucleic acids of Group I, classified in class 530, subclass 300 and 350. Claim 22 will be examined with this group to the extent that it reads on agent which bind to the proteins expressed from the nucleic acids of Group I.

3. The inventions are distinct, each from the other because of the following reasons:

Inventions of Groups I and II are structurally and functionally different products which are made by different methods and have different uses. The examination of all groups would require different searches in the U.S. Patent Shoes and the scientific literature and would require the consideration of different patentability issues.

Art Unit: 1642

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification and recognized divergent subject matter and because the searches required for the groups are not co-extensive, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karen Canella whose telephone number is (703) 308-8362. The examiner can normally be reached on Monday through Friday from 8:30 am to 6:00 pm. A message may be left on the examiner's voice mail service.
